The Swamigalavaru of the Sri Vyasaraya Swami Matt

Sreemukha No. 101/3284 Dated 17th February 1908.

The Swamigalavaru states that ~~he~~ he ~~has~~ intended to go on pilgrimage to some important places ~~he~~ requires Rs 2000/- for the following expenses. —

1 For the repairs of Pallakki, Carts & boxes

2. For payment of one months pay in advance to ~~his~~ followers.

3. For the discharge of debts due to the merchants for the provisions supplied to the Matt

It is further stated that Subba Narasimha Char Karbari of the Matt will give all the information required in the matter

File No. of Muzrai Secretari

To keep up the prestige of the Mat, the Swamigalavaru solicits sanction for the grant of an elephant and a Camel in addition. The Swamigalavaru further prays that a Rahadari may be issued at an early date

Muzrai Secretary's remarks:-

The object with which the Govt. took up the management of the Sri Vyasarayaswami Mat and its endowments was to raise the status and prestige of that important institution and to settle the claims of its creditors. Up to date, debts to the extent of Rs 35,573-14-0 have been liquidated paying Rs 17,844-14-1 The Math is still involved in heavy debts and the amount of Saving at its credit is only Rs 20,000 at present while the remaining of claim is for Rs 50000 nearly.

The necessity for the Swamigalar proceeding on a tour is apparent He is held in high veneration and it is likely he will get money from his disciples

in his tours. He should be advised not to squander all the money he gets but to place all such earnings with Govt. to be utilised towards the liquidation of the remaining debts and to the benefit of the Matt. I am however doubtful whether the Swamigalu will ever place any trust in balances at the hands of Govt.

There is no doubt that when such a great man as the present Swamigalu goes out, all the paraphernalia and privileges enjoyed by the Matt, should accompany him. Owing to mismanagement on the part of the Matt in past years, all the paraphernalia have become utterly useless and have now to be replaced by fresh ones. The details not being furnished, the Karbhari of the Matt who is now in charge has obli-

The present income is only just sufficient to meet the ordinary current expenditure of the Math as per scale laid down in the Govt. order No. 6108-18 dt 26th June 1907.

Under these circumstances, I find it difficult to recommend a further large expenditure of over 2000 Rs, as prayed for. The request of the Swamiyar however, is not altogether unreasonable as it is usual with all new Swamis to go on tour giving the benefit of their ashirvad, teachings to their disciples all over the country, and in that connection all the usual paraphernalia asked for will be required. Orders are solicited therefore as to whether the sums now applied for may not be sanctioned from the available funds at the disposal of the Math. If the amount can

most of the articles will have to be prepared in Madras and for this purpose Chitrasen Lakshmanya may be requested to go to Madras and get all the necessary work done in a satisfactory manner. He agrees to do this if so desired. Advances of money may be given him from time to time as the work progresses.

2. As regards the purchases and repairs of certain articles mentioned in the list submitted by the Karbhari of the Math, the Amildar of the T. Narasipur Taluk, Mr. N. Ramadas, may be asked to have the needful done under his direct supervision.

3. The Swamiyar asks for an elephant, a horse and a camel as gifts from Govt. I do not think it is possible to make such gifts.

As regards the grant of

Note continued-

The file, with the foregoing remarks of the 2nd Councillor, was submitted to the Dewan , on the 19th Ultimo , for his orders. On the 20th idem, one Ranga Varaha Narasimhachar son of Sreedharachar, appears to have had an interview with the 2nd.Councillor and to have complained to him of the mismanagement of the Matt's internal affairs by the two Karbars named Pattabhi Ramachar and Subba Narasimhachar who are near relatives of the Swamigalu. Thereupon Rangavaraha Narasimhachar's card was sent to me by the 2nd Councillor with the following direction endorsed thereon:-

"Please hear this gentleman.Keep back the file re Swami's going on tour"

I thereupon at once got back from the Dewan's Office the file in question and beg to re-submit it herewith. I beg also to enclose for perusal a written petition addressed by Ranga Varaha Narasimhachar to the Dewan which I had received last

Muzrai Secretariat. | File No. of 190

days previously for disposal. I had also a long talk with the petitioner and heard his complaints which are all enumerated in his petition.

The petitioner is the grandson of one of the former Swamies of the Matt (named Vidyanathaswamy and also the grandson of a daughter of Dewan Purnaiya. He is a disciple of the Matt, and says that as he is interested in the welfare of the Matt he wishes that irregularities should not be allowed in the Matt.

One of the Karabharies of the Matt named Subba Narasimhachar being now present in Bangalore, I took the opportunity of questioning him on the several allegations made in the petition against the management of the Matt's affairs. He stated that the allegations were false, that they were due to malice, that the petitioner quarrelled with the Karabharies of the Matt during his stay at Sosale in regard to certain honours claimed by him, that he had high words with the Swamiji himself and threatened him again that he would

move Government and see that the management was removed from the Swamiyar's relations.

Proceeding to the items of complaint themselves, the petitioner says that the daily feeding is not properly conducted, that the food given is inferior and insufficient, that night feeding has been stopped, and that the Karaiyalars misappropriate the savings. The Karaiyalars, on the other hand, say that the above statements are false, that they have to be necessarily economical ~~calculating~~ owing to the high prices of provisions and that although there is no regular feeding at night the servants are all given rations in kind at their own request. A sum of Rs 400 is allowed for miscellaneous expenses including feeding. There is no doubt that about 100 persons at least are fed in the day every day, including the 44 permanent servants who number 44. Taking the cost of each meal's food to be two annas, the daily cost comes to Rs 12 or Rs 360 per mensem, which amount is equal to the Rs 400 allowed by Government for

Muzrai Secretariat | File No. of 190

MGCPB—3,500—15-10-04.

Muzrai Secretariat. | File No. of 190

Nityakatle expenses. The above calculation does not include the rations or padi given to the Brahmin servants for the night meal, and to some of the sudra servants every day, the cost of ghee and oil used for the Pandadeepa and other lamps and the various articles used for daily Puje and the additional expenditure caused by the several festival days and Punnya Divasas of former Swamies which occur very often and for which no separate provision has been made by Government Considering the matter dispassionately I do not think there is any scope for misappropriation of funds out of the sum of Rs 400 allowed for Nitya katle expenses. The remaining sum of Rs 450 allowed is on account of pay of establsihment(Rs. 267) allowances to the Swami's relations(Rs.100/-), allowance to the Swami's wife(Rs 40/-), pocket money to the Swamy(Rs 25/-), and pay of the two Police men(Rs 17-12-0) These sums are all intended for particular purposes and cannot be used for the ordinary daily experses of the Mutt. As

pointed above, it is not possible to save much from the allowances mentioned above, considering the facts that meals cannot be refused at the Matt to any number of persons applying for it and that the prices of provisions have risen very high Even supposing the Matt authorities are stingy in the expenditure on feeding, I do not see how Government can interfere in such matters of detail The matter has to be left to the good sense of the Swamiji

The other items of complaint appear to be much exaggerated The Swami, it is explained, bought some lands for Rs. 900 for the benefit of his family utilizing the sum of Rs 500 given by Government at the time of his taking the Asrama and borrowing the rest. His proceeding to his wife's house was, it is explained, only on two occasions, owing to the serious illness of her two daughters and on both occasions it was arranged that the Swamy's wife should be absent from the house.

It is possible that the Swamis poor relations make some profit out of the sums paid monthly by Government, but the difficulty is how to stop it, as the Swamis is averse to have any outsider to manage the internal affairs of the Matt.

On the whole I think that much weight need not be attached to the complaint put forward by Rao Vencha Varadiyachar.

Orders are solicited regarding the sum required for replacing the paraphernalia of the Matt (vide para 7 of this Office Note.).

Note submitted by Mr. L. Anantasami Rao, B.A., Secretary to Government, Muzrai Department.

No. 6108-18—MUZ. F. 57 of 1892, DATED CAMP MYSORE, 26TH JUNE 1907.

ORDER THEREON.—Srimad Vidya Sri Samudra Tirtha Sripadangalavaru, the former Swami of the Sri Vyàsarayaswami Matt, having died on the 19th October 1906, Vedamurti Ahobalacharya, a Pandit of high attainments, was, with the approval of His Highness the Maharaja, chosen for the High Priestship of the Matt, and he was accordingly installed in that position under the titular name of Srimad Vidya Sri Ratnakara Tirtha Sripadangalavaru.

2. At the request of the newly appointed Swamigalu a sum of Rs. 3,000 was sanctioned from the Matt funds on account of the obsequies of the deceased Swami and the Mahasamaradhane connected therewith, and these ceremonies, which extended over ten days, were duly conducted to the entire satisfaction of the present Swami and of the general public under the direction of Mr. B. Chennigappa, Amildar, and N. Venkata Rao, Head Clerk of the Muzrai Secretary's Office, who had been deputed to help the Swami in this behalf. A sum of Rs. 2,890-9-3 was spent on the ceremonies, and the balance of Rs. 109-6-9 was placed at the disposal of the Guru to meet further unforeseen expenditure, such as presents, etc., to learned Pandits, who were continually coming from distant parts to pay their respects to the newly installed Swamigalavaru.

3. All the purchases made and charges incurred in connection with the ceremonies were paid for at once, and the receipts obtained, together with detailed accounts of the expenditure incurred, were duly submitted to this office by the officials entrusted with the work. The accounts of expenditure are passed and the payment to the Swamigalu of the abovementioned sum of Rs. 109-6-9 approved. Government approve also of the payment made by the Secretary, Muzrai Department, to the Swamigalu of a sum of Rs. 500 on account of some emergent family expenses incurred by the Guru before he took the Asrama.

4. The new Swamigalavaru has made several representations for an increase of expenditure in the Matt with the view of meeting its present wants and maintaining its dignity. It is true that circumstances have somewhat altered in the Matt

as the present Swami, who is a man of great learning, attracts large numbers of learned men to the Matt, both as visitors and as disciples, for learning from him the abstruse doctrines of Hindu Philosophy. The cost of feeding in the Matt is in consequence more than before. The establishment of servants also requires some modification to suit the present circumstances, and additional expenditure under various other heads has also to be provided for. With the view of enquiring into the wants in these directions, the Secretary to Government in the Muzrai Department proceeded to Sosale towards the close of December last, and halted there for three days, had several private interviews with the Swami and discussed with him all the affairs of the Matt. He explained to the Guru the embarrassed circumstances of the Matt, which was involved in debt to the extent of nearly a lakh of rupees, and the imperative need for economy in expenditure, with the view of freeing it from these heavy debts which were being gradually repaid by the exertions of Government officers to the great advantage of the Matt. He also pointed out that, owing to maladministration and indiscriminate waste of the Matt's resources in the past, the valuable lands and villages endowed to the institution had become sequestrated and the income from them had dwindled down to little or nothing in many instances, and the prestige of the Matt as one of the highest in importance among such Hindu institutions had gone down to a great extent, and that it rested with the Guru, by means of his great attainments and learning, to raise it again to its original status both in its religious and secular aspects. He further explained that, under these difficult circumstances, it would be well for the Swami to act completely under the advice of the Government and look to Government alone for supplying his wants and removing his difficulties, if any, and not to incur any debts or enter into negotiations with private individuals in connection with any matters connected with the Matt.

5. The Swami readily acquiesced in all the arguments put forward by the Muzrai Secretary and promised compliance with the arrangements that might be made by the Government for the improvement of the Matt and for the satisfactory settlement of its affairs. He accordingly executed in the presence of a large number of his disciples, of M. M. Kantaraj Urs, B. A., Deputy Commissioner and District Magistrate of Mysore, and of Mr. L. Anantasami Rao, B. A., Secretary to Government, Muzrai Department, a general power-of-attorney (on the lines of the similar power of attorney executed by his predecessor in office) in favor of the Dewan of Mysore for the time being, authorizing the latter to take over the management, for a period of 25 years, of all the endowments of the Matt situated in British India. Further, the Swami gave a letter addressed to the Government thanking them for their kind management of the Matt's estates both in Mysore and in British India during the past few years, and requesting the continuance of such management, and stating that he would not enter into negotiations with private parties in any matters connected with the Matt and that he would always look up to Government for any aid that he might require. He stated at the same time that, as he had the honor of succeeding to the Guruship of a great Samsthanam, it was his earnest desire that he should be given the means of keeping up the status and dignity of the Matt.

6. The several proposals of the Swamigalu regarding the additional expenditure required in the Matt for the future are dealt with below.

7. The first item relates to the cost of daily Santarpane or feeding in the Matt together with the cost of Nityakatle or daily puja articles and of feeding the elephant, camel and other animals kept in the Matt. The cost of these items, which is now Rs. 210 per mensem, is sought to be raised to Rs. 450. Considering the high prices of provisions and the increase in the number of persons fed, it does not appear possible to place the figure below Rs. 400 per mensem, which is accordingly sanctioned. The amount now allotted is quite ample for the ordinary wants of the Matt, if spent without allowing waste or misappropriation, and the Swami will accordingly be requested to exercise great watchfulness and care in incurring the needful expenditure, and not to exceed the fixed amount under any circumstances.

8. The next item relates to the establishment of servants to be maintained in the Matt. There is no doubt that, as regards numbers and as regards pay, some increase under this head is called for, taking into consideration the existing low

rates of pay, the higher cost of provisions and the increased work devolving upon the servants under the new Swamigalu. After much discussion with the Swamigalu, the Muzrai Secretary has been able to fix the amount at Rs. 267 per mensem, including the cost of the Patasala, making an increase of Rs. 50 per mensem over the present scale, according to the list hereto appended. The increased charge is sanctioned. The Swamigalu will be requested to send a nominal list of the servants for record in this office.

9. The next point relates to the grant of allowances to the relations of the Swamigalu. The present allowances amount to Rs. 65 per mensem as follows:—

	Rs.
1. The widow of the late Swami	15
2. Subbachar, son of the late Swami	10
3. Patttabhiramachar, son of a former Swami	10
4. Ramachar do	10
5. Ranga Srinivasachar do	10
6. A former Swami's widow, Ranganayakamma	5
7. Another Swami's widow, Janakibayamma	5
Total	65

In this connection, the Swamigalu represents that he has a number of poor relatives of his own whom he considers it his duty to help to some extent, and asks for a sum of Rs. 80 per mensem for the purpose. With reference to this, the Government observe that it is not possible to go on increasing such allowances as each Swamigalu succeeds to the office of High Priest. They therefore direct that the existing allowance should be reduced to Rs. 5 per mensem in the case of each of the present recipients. The reduced amount comes up to Rs. 35 and the Government are pleased to sanction an equivalent sum of Rs. 35 to be distributed by the present Swamigalu amongst his relations at his pleasure. A list of the payments made by him should be forwarded to this office month after month.

10. The next item relates to the provision to be made for the maintenance of the family of the Swamigalu. As the Swami's wife has to keep up some state in her house and maintain her children, the Government are pleased to sanction, as a special case, a sum of Rs. 40 (forty) per mensem temporarily during the life-time of the present Swamigalu.

11. The Swamigalu asks that a sum of Rs. 50 may be given to him every month as pocket money to meet the expenses in connection with the giving of presents or *Sambhavanas* to Vidwans and pupils visiting him in large numbers. The Muzrai Secretary, after much discussion, has made the Swamigalu agree to a sum of Rs. 25 per mensem for the purpose. This amount is sanctioned.

12. The pay of the Police constables entertained in the Matt, *viz.* Rs. 17-12-10 per mensem, should continue as heretofore. The constables should be directed specially to look to the security of the Matt jewels which are of great value, and generally to the safety of the other properties of the Matt.

13. With the view of thoroughly enquiring into the affairs of the lands and villages endowed to the Matt in British India and chiefly in the Madras Presidency, some of which have, through past mismanagement, become alienated from the Matt, while others have been leased out for inadequate amounts and yield little or no income to the Matt owing to disputes between the lessees and the Matt, a special Agent has been appointed by the Government under the power-of-attorney granted to them by the Swamigalu, and that officer is now touring through the villages in question, investigating the circumstances of each of the said endowments. The final settlement of the disputed questions relating to the several endowments, is essential in the interests of the Matt, and therefore the continuance of the expenditure connected with the Government Agent and of the small establishment attached to him, together with the additional travelling and contingent charges, is sanctioned for a period of two years more from this date.

14. The sum of Rs. 919-4-6 per annum separately provided in the old Tasdik Patti of the institution for Mahasamaradhane, Dipavali, Yugadi and other Hetchukatles or extraordinary festivals in the Matt, will also be continued as heretofore. Other minor charges which are specified in the next succeeding paragraph are also hereby sanctioned.

15. The following is an abstract of the expenditure now sanctioned as compared with the existing scale:—

	Grand Total per annum ...	9,872	14	6	13,372	14	6

16. The modified scale of expenditure and other charges sanctioned above will take effect from the 1st January 1907. They will be met from the annual income of the Matt, which is estimated under the several heads as follows:—

	Rs.	a	p
From lands in Mysore territory, about .	9,000	0	0
Cash grant from the Mysore Government .	3,053	10	11
Annual Tasdik for Hetchukatle	919	4	6
From lands in British territory	3,000	0	0
From interest on the amount in the Mysore Government 4 per cent loan	1,000	0	0
Total ...	16,972	15	5

17. Besides the annual and monthly expenditure referred to above, the following urgent charges, to be paid in lump sums, are sanctioned —

Rs

(1) 500 being the amount borrowed by the Swami just before his taking the Asrama, for the immediate requirements of his family
(2) 227 for repairs to palanquin and preparation of jhools to elephant and camel.
(3) 300 for repairing and purchasing new vessels
(4) 100 for purchasing religious books
(5) 200 for purchasing shawl, etc., for the use of the Swami
(6) 20 for purchasing a Tamburi
(7) 70 for sundry miscellaneous purposes

1,117 Total

Of these, the sum of Rs. 500 has been already paid by the Muzrai Secretary and an acknowledgment obtained from the Swamigalu, and vessels were recently purchased for Rs. 295 odd and forwarded to the Matt. Arrangements should now be made for disposing of the other items of charge.

18. The Swamigalu having asked for a contribution of not less than Rs. 2,000 on account of the marriage of his daughter and the Upanayanam of his son, the Government were pleased to sanction Rs. 1,000 on account of the marriage and Rs. 500 on account of the Upanayana, and these sums were paid to the Swami in time for the celebration of those events, which came off at Sosale in March last.

19. It may be mentioned that out of the heavy debts amounting to Rs. 92,300 standing against the Matt, claims to the extent of Rs. 24,034-2-4 have, through the exertions of Government in negotiating with the parties concerned, been discharged for a cash payment of Rs. 12,060-14-1, and other similar claims are under investigation. The payments made for this and other urgent necessities of the Matt, including repairs to buildings, have had to be defrayed from the savings which have accumulated under the management of the Matt's affairs by Government. A balance of Rs. 31,000 still remains in favor of the Matt in Mysore Government 4 per cent Loan paper, which will go some way towards liquidating the Matt's remaining liabilities.

20. Under the circumstances above explained, it will be seen that the allowances sanctioned in the preceding paragraphs are very liberal, considering the involved condition of the Matt's affairs as described above, and that such liberal treatment has been accorded in deference to the wishes of the Swamigalu and with the view of maintaining the prestige and dignity of the Matt in the hands of its present distinguished Guru. It behoves the Swamigalu, therefore, to see the sums now placed at his disposal spent under his own personal direction, with great care and discrimination, devoting them purely to the regular performance of the services and to the due dispensation of the feeding and other charities in the Matt without allowing waste or misappropriation.

21. At the time of the inspection of the Matt by the Muzrai Secretary in December last, it was found that the accounts had not been kept in any systematic form, and that there were large differences and discrepancies therein, and the Swamigalu was thereupon informed that Government would not make payments on the basis of such unreliable accounts. The Swamigalu will now be requested to arrange for keeping regular and correct accounts of all receipts and expenditure in the Matt and to send abstracts thereof regularly every month to the Muzrai Secretariat. In view of the petitions that are being received in this office complaining against the present managers of the Matt, the Swamigalu will be informed that if regular and reliable accounts are not kept and if the internal management of the Matt is not conducted in a satisfactory manner, the Government will be under the necessity of deputing a person of their own choice for looking after the Matt's internal affairs.

22. It is understood that this Matt gets a cash allowance of Rs. 400 per annum from the Government of His Highness the Maharaja of Travancore. This amount should, immediately upon receipt every year, be placed by the Swamigalu at the disposal of the Government with the view of its being included in the Matt's annual income, out of which large amounts have been assigned by Government under these orders for expenditure in the Matt, and which has to be looked to for the eventual clearance of the Matt's heavy debts.

23. The Matt also derives a considerable income from the Mathadhikaris appointed by it in various towns and localities within its spiritual jurisdiction, and is expected to receive large sums as offerings from its disciples from time to time and particularly when the Swami is on tour. Regular accounts should be kept in the Matt of all such collections, and they should be made available for inspection by Government officers. The Swamigalu is no doubt aware that all the income derived by him is meant solely for the benefit of the *institution* and for its maintenance in a high state of efficiency. There is much scope for the expenditure of such funds on the great many branches of this Matt which are situated in Mysore and in British

India and which are in a state of great dilapidation and mismanagement, and it is hoped that the Swamigalu will utilize all such income for effecting the needful improvements and see that all the branch Matts also are brought to a satisfactory condition. Any help that may be required from Government in this respect will be gladly accorded.

Honored Sir,

I most humbly and respectfully beg to submit the following re the management and the affairs of the Sri Vyasaraya Mutt of Sosale after my personal experience of 3 1/2 months.

(1) In my experience I can write a Cyclopedia first about the affairs of this Mutt, but in this I write very briefly which your excellency must go in it in detail and an early enquiry is to be made.

(2) The present His Holiness Swami is a mere tool in the hands of the two persons viz (1) Patta Bhiramachar (2) Subba Rao as in the Letter Book of H. H. relative to H H Swami. These two persons have already drawn and spent Rupees each within a short period of one and a half years. The present Swami who was so

support his family consisting of 3 daughters and a Son. now worths nearly 2 or 3 thousand rupees. One land for 1500 rupees was bought in this Son's name and another will be bought for 2000 Rs in a short time.

(3) The manner and the mode which they have adopted for earning money is a very curious and most sinful manner. These two persons are ready to commit any amount of sin to get money and induce Swami to utter all sorts of his and to do heinful deeds

(4) Since I came here, that is the 2nd of November last, feeding during night is absolutely stopped only the three members 2 persons and the eldest Son-in-law of Swami take their meals in the mutt during night. In the day time about 25 Seers (not more than that, I am sure to their office) of rice will be prepared and about 100 or 150 persons will be fed. When the quantity do not suffice the Swami himself says to feed [illegible] me quantity whether it will suffice or not.

(5) About 180 rupees were Sanctioned by Wodeyar for this ceremony was performed on November 7th I was also present on the occasion. and observed no extra ceremony this day being Sat, it was resolved not to take anything except rice and pepper water (ಅನ್ನ ಮತ್ತು ಮೆಣಸು) Fortunately to Swamy, this day being the ceremony day of his priest both the ceremonies were combined and about 150 persons were fed with nothing but ಅನ್ನ ಮತ್ತು ಮೆಣಸು no Dal at all. Neither any particular [illegible] to any kind of Dal was made

Specially for ಬಡವರು.

(6) There are 6 ಪೂಜಾರಿಗಳು in this Mutt. Old torn cloths for the ಪೂಜೆ is given. In Spite of repeated demand by the Pujari of the ಪೂಜಾರಿಗಳು, those two officers accused him and stopped his Coolyin Shape of rice and other extra remunerations

(7) The Sanctioned Scale is quite different from that of this existing Scale in the Mutt. One Servant allowed to 20 or 30 duties and he is bound to take only one pay. If he refuses, the next day a criminal Complaint will be lodged against him and also he will be dismissed on the Spot.

(8) It is very Common for His Holiness to go to his wife's house in the day time and Spends his time for an hour or so. By this he has to undergo all Sorts of idle talk.

(9) No regular account is kept in the Mutt. His ಭಕ್ತರ ಕಡೆಯ Money is not taken into account. For instance, on 9.2.08 Swami got 10 Rs. and on 2.2.08 about 58 rupees. Besides this the Amildar of Yellandu Jahagir undertook that days expense. This day being an auspicious day the Swami Went away to Srirangam the Hereditary Seat of his Establishment without making any arrangement for ಒಬ್ಬರು ಹತ್ತು to take ಸಾವಿರ at Sonala Mutt. To my Sorrow, I undertook to give ಒಬ್ಬರು ಹತ್ತು that day. I do not like to give away for this detestable Mutt

(10) In the Zamindari of Yellandu (Telugu) District, Sri Satya Sai got in shape of Land Revenue & Income [illegible]

It is not our custom to perform 3 days, but only one day. This Swami performs for 3 days for Rama's sake and fill his purse. He has applied to Government for an extra amount of 150 Rs and the application is sent thro' Bhukhanwalas Chs & Co ow. This is unnecessary.

(11) Accounts are submitted once in 2 or 3 months. This delay is due to irregularity and dishonesty of the 2 persons and this has caused much inconvenience and trouble to the low paid Servants of the Trust. Your excellency's Sheristadi should be drawn at an early date.

(12) I am afraid to bring to your honour's notice another instance but I cannot keep quite without bringing to your excellency's notice. The above named 2 persons and the Swami also are held simply because that they have a relative official in the Mysore Secretary office. Whatever they may do, they are not getting evil reports. I pray that in your excellency's regime such arrangements should be promptly set right and the wicked should be punished.

13. In Conclusion, I pray that the arrangements should be made for the proper management of the Trust by appointing 5 Dharmadarsis. Of these 3 (Sri Sri Sri Sri) Vishnavas of 3 different Mutts, one Smartha and another Srivaishnava. To call powers to audit accounts once a month to inspect the feeding once in a week and to examine the jewels once in a month.

14. At present your excellency should depute one of the Assistant Secretaries to inspect the affairs of the Trust

I am ready to assist in any manner which your excellency orders me to do.

16. An early and strict orders are to be issued for all the above points. Swami is proposing to go for Dowry the proper Security for the Jewels are to be necessarily taken.

17. I am leaving this place to Mysore to-morrow. and shall pay my humble respects in person.

I beg to remain

Yours obediently.
